## Chemistry Intern Supplemental Application

If more space is necessary to answer the following questions, please use additional sheets.

1. Have you taken an analytical or quantitative chemistry class? If so, how many hours or credits?

---

---

2. Describe your hands-on laboratory experience (lab classes, research projects, etc.).

---

---

3. Describe your experience working with biological hazards.

---

---

4. Describe your experience with literature searches.

---

---

5. Describe any projects, scientific (preferably) or otherwise, in which you were self-directed. In particular, describe the degree to which you successfully worked independently.

---

---

6. Describe your experience with digital photography and using Photoshop.

---

---

7. List any original research you have published (as primary or co-author) in reputable scientific journals.

---

---

8. Are you willing to work with potentially hazardous materials?

**YES** **NO**  
☐ ☐
